****NOTICE****

The school is a community school established under Chapter 3314 of the Ohio Revised Code. The school is a public school and students enrolled in and attending the school are required to take proficiency tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative Code shall no longer be excused for that purpose upon their enrollment in a community school. For more information about this matter contact the school administration or the Ohio Department of Education.

Introduction

This Handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. Become familiar with the following information and keep the Handbook available for reference by you and your parents. The term “parent” when used herein means an official caregiver of a minor child, including but not limited to mother, father, stepparent, grandparent, foster parent, or court-appointed guardian. If you have any questions about this Handbook, please contact the Principal. The Principal has similar authority and responsibilities as the superintendent of schools for a local district. This Handbook does not constitute a contract between the School and the student/parent, and the School reserves the right at its discretion to change or amend the handbook at any time in the future.

Cooperation, respect for others, and a sense of wonder are essential to learning. For this reason, the following regulations and guidelines have been outlined in this manual to assist in maintaining a positive learning environment.

School Hours

Breakfast: 7:30-8:00 a.m.
Instructional Start Time: 8:20 a.m.
Student Marked Tardy After: 8:15 a.m.
Instructional End Time: 3:30 p.m.

Definitions

Parent: Refers to any parent, guardian, foster caregiver, or caretaker.

I. Admission Information

A. Preference of Admission

Preference for admission shall be given to students attending the school the previous year, to students who reside in the district in which the school is located, and to siblings of students attending the school the previous year.

If enrollment exceeds capacity, the school will perform a blind, random lottery to determine what students are enrolled and what students are placed on a waiting list (in order of their selection). Any students who inquire about enrollment after the lottery is held will be placed on the waiting list on a first come, first served basis.

B. Kindergarten Entrance and Screening

Children entering the Kindergarten program must be five years of age on or before September 30th or qualify for early entrance under the School’s policy.

By November 1, of the school year, in which a kindergartener or first grader is enrolled for the first time, the child must be screened for vision, hearing, speech and communication, health and medical problems and any developmental disorders. If the screening reveals the possibility of potential learning needs, the

District must provide a further assessment. A child's screening and assessment data cannot be used to determine eligibility to enter kindergarten. Furthermore, the screenings are not intended to diagnose an educational disability or to be used for placement procedures. Screening results help identify areas of individual development that require further assessment for educational programming, particularly for students who might benefit from early intervention, prevention, acceleration, and enrichment programs. A parent may sign a statement that they do not wish to have the child screened.

C. Registration and Enrollment

Registration and enrollment are two different steps in the process of becoming a student at the school. Registration initiates the first step in the two-step process. By registering, the parent expresses a desire to have his/her child attend the school. It does not mean the child will be enrolled in the school.

Parents/express the desire to have their child attend by:

- Completing and submitting the Registration Form;
- Providing the child's:
 - Birth Certificate or other certification permitted by state law;
 - Proof of Residency
 - Current Immunization Record; and
 - Last Report Card, when appropriate

Annual Verification Information:

- Parent/guardians/students 18 years of age and older are required to provide the school with proof of residency/Address Verification annually and at any time a change of address, residency or custody changes. Monthly, the School shall review the residency records of students.

The second step is enrollment. After the registration period, as described above is completed and the lottery process is completed, enrollment can begin. The child is not officially a student at the school until the second step, enrollment, is completed.

The child is enrolled when:

- All the registration steps are complete;
- The enrollment packet including all required documents is completed and submitted; and
- Grade placement is assigned.

Enrollment of students shall comply with the admissions procedures specified in the Ohio Revised Code and the school's Admission and Enrollment Policy.

D. Re-Enrollment

For those students presently attending the school, re-enrollment starts at the end of March or during the first week of April. Students are not automatically re-enrolled from school year to school year. All parents must state their intention to have their child/student be re-enrolled each school year. It is the responsibility of the parent to inform the school of any changes to their residency or contact information.

E. Non-Discrimination Policy

Enrollment will not be denied to any eligible applicant on the basis of gender, age, race, religion, color, national origin, ancestry, pregnancy, marital or parental status, economic status, sexual orientation, or physical, homelessness, mental, emotional or learning disability. The school will also not discriminate in

its pupil admissions policies or practices whether on the basis of intellectual or athletic ability, measures of achievement or aptitude, or any other basis that would be illegal if used by any public school.

F. Health Certification and Immunization Requirements

State of Ohio Immunization Requirements for School Attendance

All new students are required to submit a copy of their Immunization Records within the first fourteen (14) days that they are enrolled. No student shall be permitted to remain in school for more than fourteen (14) days if the student has not met the minimum immunization requirements established by the Ohio department of health which may be accessed at <https://www.odh.ohio.gov>.

On the 15th day after school entrance, it will be necessary to exclude all students from the school who do not meet the above requirements.

Medical authorities and school educators urge that every child have a complete medical examination before entering school so that the child may be physically ready to accept all the advantages which education has to offer.

G. Change of Address / Phone Number / Custody

It is the parent's/responsibility to inform the school office of any change of address, phone number or custody. For changes of address, a new proof of residence will be required. For a change of custody, parents will be required to provide a copy of the custody order to the school.

II. Student and Parent Responsibilities

A. Behavior Guidelines

Effective learning cannot occur without an approach to student behavior that stresses self-discipline, consistent with the maturity level of the students. Discipline, which reflects the school's policy of non-violence, exists to promote an atmosphere favorable to concentration, attention, and creativity. In addition, discipline is a positive attempt to help all students realize that they are important, worthwhile, and capable of learning. In classroom management, teachers shall be fair, firm, consistent, and impartial, displaying sensitivity to the needs of the individual child.

The following are the main ideas basic to the school's system of discipline. Students will be successful by:

- Knowing and obeying the rules; and
- Accepting responsibility for their behavior.

Corporal punishment is not permitted. No employee shall threaten, inflict, or cause to inflict unreasonable, irrational, or inappropriate force upon a student.

The rules of the Student Code of Conduct apply to any conduct:

- On school grounds during the school day or immediately before or after school hours;
- On school grounds at any other time when the school is being used by a school group;
- On or off school grounds at any school activity, function, or event;
- Traveling to and from school, including actions on any school bus, van, or public conveyance; and

- On the Internet including but not limited to any social media platforms, whether on school grounds or off school grounds if the conduct affects the school’s teachers and staff or the education of the school’s students.

B. Code of Conduct

Violation of the Code of Conduct may subject the student to discipline including but not limited to detentions and in-school suspensions and up to and including suspension, expulsion, or permanent exclusion. The following behavior is a violation of the Student Code of Conduct:

- Tardiness – Arriving later than scheduled*
- Truancy – Absent without permission*
- Dress Code Violation – Not adhering to school dress code regulation
- Disobedient/Disruptive Behavior – Unwillingness to submit to authority, refusal to respond to a reasonable request or any act that disrupts the orderly conduct of a school function; behavior that substantially disrupts the orderly learning environment (i.e., dress code violation, inappropriate language, cursing, inappropriate gestures)
- Cheating – To act dishonestly; copying of someone else’s work; to deceive, take credit for work not done by the student himself/herself
- Profane/Obscene Language or Gestures Between/Toward Students or Staff – Use of unacceptable words, terms, or gestures to embarrass or insult another student or staff member
- Theft – To take the property of an individual or the school without right or permission
- Fighting/Violence – To participate in physical contact with one or more students with the intent to hurt or injure
- Use, Possession, Sale or Distribution of Tobacco Products
- Use, Possession, Sale or Distribution of Alcoholic Beverages
- Vandalism/Damage to School or Personal Property – Purposeful destruction, misuse or defacing of school or other’s personal property
- Intimidation/Interference/Hazing of Student or Staff – Threatening to physically or verbally harm, interfere, or degrade another student or staff
- False Alarms/Bomb Threat – Purposefully engaging in a false alarm
- Use/Possession/Sale/Transmission/Concealment of any Drug or look-alike drug or other illegal or Controlled Substance
- Use, Possession, Sale or Distribution of a Firearm – Firearm has the same meaning as provided pursuant to the “Gun Free Schools Act of 1994.”
- Use, Possession, Sale or Distribution of any Explosive, Incendiary or Poison Gas – Any destructive device, including a bomb, a grenade, or a rocket
- Unwelcome Sexual Conduct – Unwelcomed sexual advances, requests for sexual favors, other physical or verbal conduct or communication of a sexual nature, including gender-based harassment that creates an intimidating, hostile, or offensive education or work environment, i.e., pinching, grabbing, suggestive comments, gestures, jokes, or pressure to engage in sexual activity
- Harassment, Intimidation, or Bullying behavior (including by an electronic act) as defined in the school’s Policy on Harassment, Intimidation, and Bullying (**Appendix 1**)
- Gang involvement – Participation in gang-related actions, dress, or activities
- Weapons – No student at any time, for any reason, shall possess, handle, transmit, or use any object, which can be reasonably considered a weapon in or on the property of the school, or any school-sponsored activity held away from the school property. For purposes of illustration, but without limitation, this rule shall include firearms, explosives, fireworks, knives (including penknives),

chemicals, and other dangerous objects, which are of no reasonable value to a student other than as a weapon. Possession of a “weapon” may result in immediate expulsion.

- Serious Bodily Injury – An incident that results in serious bodily injury to one’s self or others. Serious bodily injury is defined as “a bodily injury that involves substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ.”
- Wrongful Conduct – Actions not in the listing above that impede, obstruct, interfere, or violate the mission, philosophy, and regulations of the school or classroom, including any policies listed in this handbook or the Board of Director’s Board Policy Manual.

*A student may not be suspended or expelled for truancy.

C. Dress Code

All students are expected to come to school in clean and properly fitting uniforms with proper hygiene and hair styled neatly. Daily personal grooming is important. Pride in one’s appearance is the first step in gaining self-esteem and confidence. Moreover, limiting distractions associated with inappropriate or unusual dress and personal style promotes a positive learning environment. Parents will be contacted if a student is out of uniform or comes to school poorly groomed.

The student dress code is an important part of the school program and philosophy. Making a choice to attend the school, the student (with parent support) agrees to follow all dress code requirements. **The dress code is not an option for the student or parent.** Not choosing to follow the dress code may lead to suspension or expulsion.

The student dress code is as follows:

- **Any solid-colored polo shirt** (long or short sleeve); undergarments must also be solid colored (e.g., t-shirts)
- Black, navy, or khaki skirts, skorts, jumpers, or slacks. **NO COLORED DENIM** may be worn. Skirts, skorts, and jumpers must be knee length. No floor length dresses, jeans, sweatpants, overalls, leggings, or jeggings. Uniform shorts may be worn during the months of April through September only. Uniform shorts are black, navy, or khaki and must be knee length.
- Black or brown belts must be worn around the waist (no “sagging”).
- No headscarves (except for religious observance).
- Students may not wear “yoga” pants or tights as pants even on dress down days.
- Dress shoes or tennis shoes may be worn – No deck shoes, moccasins, sandals, high heels, or boots. Shoes must be closed-toed.
- Socks or tights must be worn at all times.
- Studs for earrings (one per ear) and wristwatches are permitted; otherwise, no other jewelry (including body piercing jewelry) of any kind, is permitted.
- No writing or pictures are permitted on any clothing.
- No see-through clothing of any kind.
- Only solid colored white, navy, black, or beige knitted cardigans are allowed. **No sweatshirts or hoodies.**
- Tattoos must be covered at all times.
- School administration may make changes to the dress code during the school year. The school administration will first notify parents in writing that the changes are to be made. Students are expected to comply with such changes.

Physical Education Class Dress Code

All grades: Tennis shoes must be worn on scheduled physical education days.

D. Attendance

Regular attendance and punctuality are essential for success in school and necessary for success later in life. Each student at the school has the responsibility to attend all classes regularly and to be on time.

The required attendance of students shall conform to the minimum standards prescribed by State Law. Therefore, absences from school should be only for illness or an emergency. In case of an absence from school:

- The parent must notify the school before the beginning of the school day from which his/her child will be absent. Calls are to be made to the school office. Within 120 minutes after the beginning of each school day, the school shall make at least one attempt in compliance with ORC 3321.141 (A)(2) to contact the parent/guardian for any student absent without legitimate excuse. Parents or a designated adult will be required to sign the child out when they leave and then sign in if they return. A sign-in/sign-out sheet is in the school office and a photo ID will be required.
- While permission will be given to keep a dental/doctor appointment during school hours, parents are encouraged to make these appointments for times other than class hours, if possible. Every tardy or absence (excused or unexcused) slows the progress of a child's development.
- Both "excused" and "unexcused" absences are counted toward the maximum allowable absences. The distinction is made between "excused" and "unexcused" absences for determining whether a student may have the opportunity to make up class work and whether disciplinary action is in order.
- **A student will be retained** in his/her present grade level if he/she has been truant for more than **10% of the required attendance days** of the current school year and has failed two or more of the required curriculum subject areas. A student may only be promoted under these circumstances if the school administrator and the student's teachers of any failed subject areas agree that the student is academically prepared to be promoted.
- Per state law, a student will be automatically withdrawn from school if the student does not have a legitimate excuse (see below "excused" absence from class) and fails to participate in seventy-two (72) consecutive hours of the learning opportunities offered to the students.
- Students who are habitually or excessively absent or tardy may be referred for interventions pursuant to the school's Attendance, Truancy and Withdrawal Policy.

The term "excused" will refer to any absence from a class based on the following:

- Medical appointment
- Pursuant to medical advice
- Death of an immediate family member
- Personal illness
- Court appearance
- Religious observance
- Other as deemed by the school administrator.

The term "unexcused" will refer to any absence from a class based on the following:

- Leaving school early without proper authorization
- Other unexcused absence defined by the school administrator.

NOTE: Failure to attend any school function outside the regular school day will not be considered an absence.

E. Truancy

Generally

Attendance at school is key to achievement. Students are expected to attend school regularly and on time. Parents/guardians are encouraged to partner with the school to ensure attendance and timeliness.

Parents/guardians are encouraged to make any doctor, dentist, etc., appointments for times other than school hours.

No student shall be suspended or expelled based solely on the number of absences.

Excessive Absences

A student shall be considered excessively absent when the student is absent (with a non-medical excuse or without legitimate excuse) 38 or more hours in one school month or 65 or more hours in one school year.

When a student is excessively absent the School within seven days of the triggering absence will notify the student's parents in writing of the student's absence. The School will develop a truancy intervention plan which may include any applicable appropriate interventions contained in this policy.

Habitually Truant

A student shall be considered habitually truant when the student is absent without legitimate excuse for 30 or more consecutive hours, 42 hours or more in one school month, or 72 hours or more in a school year.

When a student is habitually truant:

1. Within seven days of the triggering absence:
 - a. The Superintendent, Principal, or Chief Administrator shall establish an absence intervention team. The team should be based on the needs of each individual student, but the team shall include at a minimum two representatives from the School, one of whom knows the student, and the student's parent/guardian/custodian/designee/guardian ad litem ("parent"). The team may also include a school psychologist, counselor, social worker, or representative of a public or nonprofit agency designed to assist students and their families in reducing absences.
 - b. The School shall make three meaningful good faith attempts to secure participation on the team by the student's parent/guardian/custodian/designee/guardian ad litem ("parent"). If the student's parent responds to any of those attempts, but is unable to participate for any reason, the School shall inform the parent of the parent's right to participate through a designee. If 7 school days elapse and the student's parent, fails to respond to the attempts to secure participation, the School shall do both of the following:

- i. Investigate whether the failure to respond triggers mandatory reporting to the public children services agency for the county in which the child resides in the manner described in section 2151.421 of the Ohio Revised Code; and
 - ii. Develop an intervention plan for the student notwithstanding the absence of the child's parent.
2. Within 10 days of the triggering absence, the student will be assigned to the selected absence intervention team.
3. Within 14 days after the assignment of the team, the School will develop an absence intervention plan for that student in an effort to reduce or eliminate further absences. Within 7 days after developing the plan, the School shall make reasonable efforts to provide written notice of the plan to the student's parent/guardian.
4. If the student does not make progress on the plan within 61 days or continues to be excessively absent, the School will file a complaint in the juvenile court.
5. In the event that a student becomes habitually truant within 21 school days prior to the last day of instruction of a school year, the School may, in its discretion, assign one school official to work with the student's parent/guardian/custodian/designee/guardian ad litem to develop an absence intervention plan during the summer. If the School selects this method, the plan shall be implemented not later than 7 days prior to the first day of instruction of the next school year. In the alternative, the School may toll the time periods to accommodate for the summer months and reconvene the absence intervention process upon the first day of instruction of the next school year.

Reporting

The School shall report as soon as practical to the Ohio Department of Education: when a notice of excessive absence is submitted to a parent; when a student meets the definition of habitually truant; when a student has been adjudicated an unruly child for being an habitual truant violates the court order regarding that adjudication; when an absence intervention plan has been implemented.

If the student is violating a court order regarding the student's adjudication as an unruly child for being habitually truant, the Board hereby authorizes the school's administrator or his/her designee to inform the student and parent/guardian of the violation and to notify the Juvenile Court.

The School may take legal action against the parent/guardian pursuant to ORC 3321.20 or ORC 3321.38 if a student is not attending school.

See the Attendance, Truancy and Automatic Withdrawal policy in the Board Policy Manual for more information.

F. Tardy Policy

All students reporting to school after the school day begins will be considered tardy. Tardy arrivals are added to hours absent, and the student may be referred to Absence Intervention Team.

Students must be in their assigned classroom by the start of school day. Just being “in school” or “hanging around” in the restrooms, gym, or the halls is not considered ready for school and in the classroom. Students using such an excuse will be marked tardy.

Parents are encouraged to make dental/doctor appointments for times other than class hours, if possible. Every tardiness, even if excused, slows the progress of a child’s development.

Tardiness is only excused for the same reasons as absences.

G. Suspension and Expulsion Procedures

The school recognizes that exclusion from the educational program is a serious sanction and that suspension and expulsion must follow due process mandates. Additionally, the school will comply with all state and federal law pertaining to students with disabilities.

A student may be disciplined for any violation of the student code of conduct, even if the violation occurs on property not owned or controlled by the school if the violation took place during activities connected with the school or if the behavior is directed at a school official.

Any student suspended or expelled under this policy will not be permitted to participate in any extracurricular activities.

Students in grades kindergarten through third grade will only be suspended in accordance with the Board’s Suspension and Expulsion Policy.

Suspension:

The administrator or designee may suspend a student from the school for not more than ten school days. If at the time a suspension is imposed there are fewer than ten school days remaining in the school year in which the incident that gives rise to the suspension takes place, the principal may require the student to participate in a community service program or another alternative program for a number of hours equal to the remaining suspension period. The student shall be required to begin the program during the first full weekday of the summer break. A principal may not apply the remaining suspension period to the following year.

Except in the case of a student given an in-school suspension, no student shall be suspended unless prior to the suspension the administrator does both of the following:

- (1) Gives the student written notice of the intention to suspend the student and the reasons for the intended suspension;
- (2) Provides the student an opportunity to appear at an informal hearing before the administrator or designee and challenge the reason for the intended suspension or otherwise to explain the student’s actions.

The School shall provide students an opportunity to complete any classroom assignments missed because of an in-school or out-of-school suspension. Students shall be entitled to receive at least partial credit for a completed assignment; however, reasonable grade reduction may be made on account of a student’s suspension. The School shall not assess a failing grade for a completed assignment solely on account of the student’s suspension.

Expulsion:

The superintendent may expel a student from the school for a period not to exceed the greater of eighty school days or the number of school days remaining in the semester or term in which the incident that gives rise to the expulsion takes place. If at the time an expulsion is imposed, there are fewer than eighty school days remaining in the school year in which the incident that gives rise to the expulsion takes place, the superintendent may apply any remaining part or all of the expulsion period to the following school year. No student shall be expelled under this policy unless, prior to the student's expulsion, the Superintendent does both of the following:

- (1) Gives the student and the student's parent, guardian, or custodian written notice of the intention to expel the student;
- (2) Provides the student and the student's parent, guardian, custodian, or representative an opportunity to appear in person before the superintendent or superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's actions. The notice required under this section shall include the reasons for the intended expulsion, notification of the opportunity of the student and the student's parent, guardian, custodian, or representative to appear before the superintendent or superintendent's designee to challenge the reasons for the intended expulsion or otherwise to explain the student's action, and notification of the time and place to appear. The time to appear shall not be earlier than three nor later than five school days after the notice is given, unless the superintendent grants an extension of time at the request of the student or the student's parent, guardian, custodian, or representative. If an extension is granted after giving the original notice, the superintendent shall notify the student and the student's parent, guardian, custodian, or representative of the new time and place to appear.

Unless a student is permanently excluded, the superintendent shall expel a pupil for a period of one year for bringing a firearm to the school, to an extracurricular event, or onto any other property controlled by the Board of Directors of the school. "Firearm" has the same meaning provided in the "Gun-Free Schools Act," a "firearm means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projective by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device, which includes a bomb grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or similar device. This definition would also include any weapon that will, or that may be readily converted to, expel a projectile by the action of an explosive or other propellant, and that has a barrel with a bore of more than one half in diameter. The term does not include an antique firearm. The superintendent may reduce the expulsion time on a case by case basis based upon the student's overall record at the school.

Permanent Exclusion

A student may be permanently excluded from attending any school in the state if the student is convicted of, or adjudicated a delinquent child for, committing an act that would be a criminal offense if committed by an adult, when the student was sixteen years of age or older if the act is one of the following:

- Illegal conveyance or possession of deadly weapon or dangerous ordnance or of object indistinguishable from firearm in school safety zone in violation of R.C. 2923.11.
- Carrying a concealed weapon, trafficking in drugs or possession of controlled substances, if the violation was committed on property owned or controlled by the school or at a school activity in violation of R.C. 2923.12, R.C. 2925.03, and/or R.C. 2925.11.

- Aggravated murder, murder, voluntary manslaughter, involuntary manslaughter, felonious assault, aggravated assault, rape, gross sexual imposition, or felonious sexual penetration in violation of R.C. 2903.01, R.C. 2923.02, R.C. 2903.03, R.C. 2903.04, R.C. 2903.11, R.C. 2903.12, R.C. 2907.02, R.C. 2907.05, and/or the former section R.C. 2907.12 if the violation was committed on property owned or controlled by the school or a school activity if the victim at the time of the commission of the act was an employed at the school.
- Complicity in any of the above violations regardless of whether the act of complicity was committed on property owned or controlled by, or at an activity held under the auspices of, the school.

If the superintendent of the school obtains or receives proof that a student has been convicted of committing or adjudicated a delinquent child for the commission when the student was sixteen years of age or older of one or more of the above, the superintendent may issue to the school's governing authority a request that the student be permanently excluded from public school attendance in Ohio, if both of the following apply:

(1) After obtaining or receiving proof of the conviction or adjudication, the superintendent or the superintendent's designee determines that the student's continued attendance in school may endanger the health and safety of other students or school employees and gives the student and the student's parent, guardian, or custodian written notice that the superintendent intends to recommend that the governing authority adopt a resolution requesting the superintendent of public instruction to permanently exclude the student from public school attendance.

(2) The superintendent or the superintendent's designee forwards to the governing authority the superintendent's written recommendation that includes the determinations the superintendent or designee made pursuant to this policy and a copy of the proof the superintendent received showing that the student has been convicted of or adjudicated a delinquent child for a violation listed in this section that was committed when the student was sixteen years of age or older.

The school shall follow all requirements for permanent exclusion as described by ORC 3313.66, including providing notice of the possibility of permanent exclusion with each suspension and expulsion notice.

Emergency Removal:

If a student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process taking place either within a classroom or elsewhere on the school premises, the superintendent or principal or assistant principal may remove a student from curricular activities or from the school premises or a teacher may remove a student from curricular activities under the teacher's supervision without the notice and hearing requirements of this policy. A teacher may remove a student from curricular activities under the teacher's supervision, without the notice and hearing requirements. As soon as practicable after making such a removal, the teacher shall submit in writing to the principal the reasons for such removal.

If a student is removed under this Emergency Removal section from a curricular activity or from the school premises, written notice of the hearing and of the reason for the removal shall be given to the pupil as soon as practicable prior to the hearing, which shall be held on the next school day after the initial removal is ordered. The hearing shall be held in accordance with suspension provisions of this policy unless it is probable that the student may be subject to expulsion, in which case a hearing in accordance with the expulsion provisions of this policy shall be held, except that the hearing shall be held on the next school

day after the date of the initial removal. The individual who ordered, caused, or requested the removal to be made shall be present at the hearing.

A student in grades kindergarten through three may be removed pursuant to Emergency Removal procedures only for the remainder of the school day and shall be permitted to return to curricular and extra-curricular activities the following school day. A student in grades kindergarten through three subjects to emergency removal shall not be suspended or expelled unless the student has committed an act described in ORC 3313.668 (B)(1)(a) or (b). A student that returns to school based on this paragraph shall not be subject to the emergency removal hearing procedures.

Right to Appeal to Board:

Within one school day after the time of a student's expulsion or suspension, the superintendent or principal shall notify in writing the parent, guardian, or custodian of the student and the Board of Directors of the school of the expulsion or suspension. The notice shall include the following reasons for the expulsion or suspension and notification of: (1) the right of the student or the student's parent, guardian, or custodian to appeal the expulsion or suspension to the Board of Directors of the school or to its designee; (2) the right to be represented in all appeal proceedings; (3) the right to be granted a hearing before the Board of Directors of the school or its designee in order to be heard against the suspension or expulsion; (4) and the right to request that the hearing be held in executive session. The notice shall specify the manner and date by which the student or the student's parent, guardian, or custodian shall notify the school's Board of Directors of the student's, parent's, guardian's, or custodian's intent to appeal the expulsion or suspension to the board or its designee. If the superintendent expels a student under this section for more than twenty school days or, for any period of time, if the expulsion will extend into the following semester or school year, the notice shall provide the student and the student's parent, guardian, or custodian with information about services or programs offered by public and private agencies that work toward improving those aspects of the student's attitudes and behavior that contributed to the incident that gave rise to the student's expulsion. The information shall include the names, addresses, and phone numbers of the appropriate public and private agencies.

If the student or the student's parent, guardian, or custodian intends to appeal the expulsion or suspension to the Board of Directors of the school or its designee, the student or the student's parent, guardian, or custodian shall notify the Board of Directors of the school in the manner and by the date specified in the notice. The student or the student's parent, guardian, or custodian may be represented in all appeal proceedings and shall be granted a hearing before the Board of Directors of the school or its designee in to be heard against the suspension or expulsion. At the request of the student or of the student's parent, guardian, custodian, or attorney, the Board of Directors of the school or its designee may hold the hearing in executive session but shall act upon the suspension or expulsion only at a public meeting. The Board of Directors of the school, by a majority vote of its full membership or by the action of its designee, may affirm the order of suspension or expulsion, reinstate the student, or otherwise reverse, vacate, or modify the order of suspension or expulsion. The Board of Directors of the school or its designee shall make a verbatim record of hearings held under this division. The decisions of the Board of Directors of the school or its designee may be appealed under Chapter 2506 of the Ohio Revised Code.

This policy shall not be construed to require notice and hearing in the case of normal disciplinary procedures in which a student is removed from a curricular activity for a period of less than one school day and is not subject to suspension or expulsion.

For purposes of this policy, the Board of Directors appoints the Operator as its designee.

Discipline for Students with Disabilities

Consistent with this policy, to the extent the principal may order removal of a student without disabilities, the principal may remove a student with a disability, but not for more than ten (10) school days.

After a child with a disability has been removed from the child's current placement for ten (10) school days in the same school year, during any subsequent days of removal, the school must provide services.

If a child is removed for a period of time exceeding ten (10) school days and the behavior was not determined to be a manifestation of the disability, the student must continue to receive educational services and receive a functional behavioral assessment and behavioral intervention services.

Change in Placement

The school will notify the parent of the removal decision that constitutes a change in placement for a student with a disability and provide the parent with a copy of the notice of procedural safeguards on the same day as the date of the removal decision.

A change in placement will occur when:

- a removal is for more than ten (10) consecutive school days; or
- a series of removals constitute a pattern because
 - the removals cumulate to more than ten (10) school days in a school year,
 - the behavior of the student is substantially similar to prior incidents, and
 - factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another have occurred.

Manifestation Determination

Within ten school days of any decision to change the placement of a child with a disability due to a violation of the code of student conduct, the school, parent, and relevant members of the IEP team must review all relevant information in the student's file to determine:

1. If the conduct in question was caused by, or had a direct and substantial relationship to the child's disability or
2. If the conduct was a direct result of the school's failure to implement the IEP.

If either of these two conditions are found to exist, the conduct must be determined to be a manifestation of the disability.

If the IEP team and other qualified personnel determine that the student's behavior was not related to the disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities.

If the IEP team determines that the student's behavior was a manifestation of the disability, the school must either:

1. Conduct a functional behavioral assessment, or,
2. If the behavioral plan has already been developed, review the behavioral intervention plan and the implementation plan, and modify them if necessary.
 - a. The child must return to the placement from which the child was removed unless the parent and the school district agree to a change of placement as part of the modification of the behavioral intervention plan.

School personnel may remove a student to an interim alternative educational setting for not more than forty-five school days without regard to whether the behavior is a manifestation of the disability if the student:

1. Carries a weapon to or possesses a weapon at school, on school premises, or to a school function;
2. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function; or
3. Has inflicted serious bodily injury upon another while at school, on school premises, or at a school function.

Students removed under this section must continue to receive services and receive a functional behavioral assessment and behavioral intervention services.

Appeals

If a parent disagrees with any decision regarding placement or the manifestation determination decision made by the IEP team, the parent may request a hearing. Whenever a hearing is requested, the school will comply with the procedures for an expedited due process hearing.

H. Withdrawal Policies and Procedures

Voluntary Withdrawal

Parents withdrawing students from School are asked to give the school at least one week's notice. The School requests that parents use the Withdrawal Form available from the School Office to provide notification of the new school the student will be attending. This signed form gives official notice of the child's withdrawal. Records will not be released until a Release of Information form is completed by the legal parent or a request for records is received from a subsequent school. In addition, all outstanding fees, academic records, or obligations must be met, including the return of all textbooks/electronics.

Mandatory Withdrawal – 72 Consecutive Hours

Per Ohio law, students must be withdrawn if they are absent for 72 consecutive hours and have not provided the school with documentation of approved excused absences. The student's parent will be sent a notification in accordance with the Attendance, Truancy, and Automatic Withdrawal Policy. If a student reaches 72 consecutive hours missed, he or she will be withdrawn. Final withdrawal letters will be sent to the parent and the appropriate truancy procedures will begin.

III. Academics

A. Curriculum

The school provides a high-quality standards-based curriculum using an inquiry model to enable the students to meet individualized goals and prepare for their lives after elementary school. The school shares the student progress with parents and provides an explanation of the results to parents during the school year.

B. Assessment and Intervention

Assessment is an ongoing evaluation of student progress at all grade levels and in all courses. Classroom assessment occurs daily and includes such strategies as observations, oral presentations, reports, role-playing, reviews, projects, homework, quizzes, and tests. In addition, grades K through 3 will complete diagnostic assessments, and grades 3 through 8 will complete required state testing. Nationally normed assessments will also be administered for grades K through 8. These assessments are mandatory for all students.

Intervention is supplemental instruction based on student needs, designed to provide remediation, reinforcement, enrichment, or support for student learning about specified student performance objectives.

State law requires that each school district in Ohio assess reading skills for students in kindergarten, first, second and third grades by September 30th of each year to determine whether they are reading at grade level. If a student is not reading at grade level, the school will notify the parent or guardian and the school will provide intervention services to improve the student's reading performance. If the student does not attain the required level of reading competency by the end of third grade, he/she must be retained. A copy of the complete Reading Skills Assessments and Interventions Policy, including information regarding the midyear promotion of retained students, is available from the administrator.

C. Make-Up Work

When an excused absence occurs, students are responsible for making up the assignments that are missed. The teacher will assign make-up work and set a date for completion, which shall be the same number of days as the corresponding absence. Assignments not completed will result in failing grades.

In the event of a planned excused absence, the school must be provided with three or more days of advanced notice for teachers to provide class assignments. Students must return completed assignments within two days of returning to school.

Make-up work will not be provided for unexcused absences or suspensions.

It is strongly suggested that absences not occur during state testing week(s).

D. Report Cards

Report cards are sent to the home through the mail, given directly to the parent, or sent home with the student for each grading period (four times a year). See the school calendar for these dates. Please check with the administrator to learn what distribution method is used at the school.

Copies of all report cards are placed into the student's cumulative file.

Kindergarten students will receive a report card at the conclusion of the second and fourth grading period. Kindergarten students will receive an Interim Report at the conclusion of the first and third grading period.

The grading scale, K-8, is as follows:

90%-100%	A
80%-89%	B
70%-79%	C
65%-69%	D
64% and below	F

E. Parent / Teacher Conferences

Formal parent-teacher conferences are conducted at least once a year. Conference dates are specified in the school calendar. Conference schedules will be issued through the school office but arranged by each student's teacher. Once a conference date and time have been arranged, parents should contact the student's teacher if a change is necessary. Parents may request conferences throughout the year.

Parent-teacher conferences are a focal point in student evaluation and reporting to the parents. This is a two-way avenue for both parents and teachers and may be initiated by either party as needed.

F. Open House

Open house will be held during the month of September or October. Parents will be notified of the exact dates and are encouraged to attend.

IV. School Operations

A. School Day, Arrival and Dismissal

School days and vacations are provided in the school year calendar.

B. Illness

Parents are encouraged to examine their child each morning before sending him/her to school to see if any signs or symptoms of illness are present.

If a student is ill, please keep the student at home and notify the school of the absence. Should a condition persist, the student's physician should be consulted. Parents are urged to establish children with a physician so that one can be promptly called when the need arises. Cooperation in the communicable disease program will be greatly appreciated. Students should not return to school until a 24-hour period of a normal temperature has elapsed. All guidelines on COVID-19 prevention must be followed.

C. Emergency Phone Calls

Parents should not call the school for the delivery of messages to children, except in cases of emergency.

Students may give the school's phone number to relatives for emergency purposes only. The main office will take a message and forward it to a student as soon as possible.

Students are not permitted to use school phones without approval from school personnel.

D. Early School Dismissal

Occasionally, weather conditions or other building emergencies may arise that necessitate sending students home earlier than the regular dismissal time. Every possible effort will be made not to make such a closing. In case of closing, every effort will be made to contact the parents under these conditions. It will be necessary for the parent to arrange procedures (such as stay with a neighbor, friend, relative, etc.) for their child to follow in case there is no one home to meet him/her. Parents should make these arrangements beforehand and instruct the child on what he/she is to do. The school cannot make any such decisions.

E. Emergency School Closings

Should it be necessary to close the school for weather or other unforeseen emergencies, information will be given over radio and television stations. Usually, if the city school district in which the school is located is closed, the school will also close; however, this is not always the case. Consequently, parents are asked to monitor their television or radio to be certain. Primary contacts receive automated phone calls to alert of the school closing.

F. Cars / Parking / Buses

For the sake of order and safety, parents coming to drop off or pick up their children are to park in designated areas only. The school will give traffic, parking, and bus information before the opening of school.

G. Breakfast / Lunch

Families needing financial assistance may apply for free or reduced breakfast/lunch fees through the school office. Information for the free and reduced breakfast/lunch program is sent home early in the school year and the forms are available throughout the year in the school office. Note: it is the responsibility of the parent to see to it that their child is provided lunch or to notify the school of qualification for free or reduced lunch.

Some ACCEL schools participate in the Community Eligibility Provision (CEP) food program. Students at schools participating in the program may receive breakfast and/or lunch at no cost to the family.

H. Recess

When scheduled, students are expected to participate in outdoor recess activities during the school day – weather permitting. If a student is too sick to go outside for recess, the student should not be in school. Parents must ensure that the student has the appropriate clothing with him/her for outdoor activities. Coats, hats, and gloves should be worn as recess will be outside unless the temperature is 32 degrees or less (actual or wind chill).

I. Textbooks

Students are expected to take care of and are responsible for the textbooks assigned during the school year. Parents will be responsible for paying a replacement fee for lost or damaged books. The student's academic records will not be released until payment of the replacement fee is settled.

J. Money

All money turned into the school should be in an envelope marked with the child's name, grade, amount, and purpose. The children are not to bring additional money to the school. The school will not be responsible for any money brought to the school.

K. Lost and Found

Any personal items that have been left at the school will be taken to the main office. If students find personal items that belong to others, they should turn the items into the main office as soon as possible. The school is not responsible for lost money, jewelry, phones, or other personal items.

Many clothing items find their way into the lost and found containers. Parents are encouraged to have their children request permission to look for missing items. Many good clothing items are never claimed and are given to various charitable organizations as space permits.

Money, jewelry, and other personal items may be turned in at the office. Students should ask permission from their teacher to come to the office to claim any such items.

L. Student Photographs

School pictures will be taken in the fall of each school year. Parents/Guardians will be offered a package of individual and class photographs through the photography company. All students will be photographed whether or not a package is purchased unless the parent sends a written refusal.

M. Visitors

Visitors are required (for the safety and security of everyone) to report to the school office before their visit to a classroom or other parts of the building. All visitors must sign in upon arrival, sign out before leaving the building, and wear a visitor's identification badge while in the building. Visitors are not to approach students and should always be escorted by a staff member while in the building.

All visitors must pre-arrange, through the office, any meetings or visits with the teacher or classroom. The length and repetition of visits shall be determined by the school administrator to be in the student's and the school's best interest.

Visitors are asked not to attempt an impromptu parent-teacher conference, particularly while students are in the classroom.

The school reserves the right to deny access to anyone, including parents, to the school facility and grounds.

N. Volunteer Program

Parents and members of the community may be asked or wish to give of their time in the form of volunteering. Information regarding these opportunities will be forwarded to the parents as appropriate. This is a wonderful opportunity to become more involved with the child's school.

Please note: Recurring volunteers will be required to comply with the school's background check policies.

O. Field Trips

Field trips may be conducted throughout the school year and are correlated with students' educational experiences within the classroom. Parental permission slips are required for a student to participate. Without a signed permission slip, the student will not be able to participate in the field trip. In addition, an Emergency Medical Authorization Form must be on file at the school before a student may participate. Teachers may request parents/guardians to assist in organizing and chaperoning field trips.

Please note: To be considered as a chaperone, it is required that you obtain a BCI/FBI check with no disqualifying offenses prior to participating in any school activity.

P. Classroom Parties

Parties may be scheduled for special holidays and/or special occasions. The classroom teacher will coordinate and communicate dates, times, and procedures for such events. Each classroom teacher will establish a party policy for his/her individual classroom. Parental requests for parties will be approved or denied by the classroom teacher. Any request for a child not to participate in any/all such parties or activities should be in writing and forwarded to the teacher ahead of time.

Q. Cell Phones

The school understands that students come to school with cell phones for a variety of reasons. Students who have phones at school must not have them out during class nor may they disrupt class order or instruction. If the student does not comply with a request to put the phone away or to turn it off, the phone will be taken to the office and locked in the safe until the parent can come to retrieve it.

Please Note: The school is not responsible for the cost, usage, or replacement of lost, damaged, or stolen cell phones that are brought to the school whether confiscated by staff or in possession of a student.

R. Personal Items Brought to the School

Students are not allowed to bring personal items to school. To avoid disruption of the educational process, currently popular items such as trading cards, electronic games and action figures are to be left at home. Such articles will be taken and returned only to the parent or the law authorities if deemed prudent to do so by the building administrator. Except for approved fundraisers, students are not permitted to sell or trade anything among themselves at school, on the school grounds or the bus. This includes food from lunches. Pets should never be brought to school without prior permission of the administrator. Further, items should not be brought in glass jars because of the danger of breakage (e.g., lunch items).

Please Note: The school is not responsible for replacement of lost, damaged, or stolen items brought to school.

S. Stolen Items

The school **is not responsible** for stolen personal items, including cell phones, even if turned over to school personnel.

T. Backpacks, Desks, Lockers and Other Personal Storage Areas

All lockers, desks and other storage areas provided to the student for use remain the property of the school. The student has no expectation of privacy in any storage area assigned to them. No student shall lock or otherwise impede access to any locker or storage area, except with a lock (if any) approved and provided by the school. Unapproved locks will be removed and destroyed with no compensation. Upon authorization of the building administrator, personal storage areas may be searched at any time for any reason.

Upon authorization of the search team, including the administrator or designee, backpacks, desks, and other personal storage areas may be searched at any time for any reason. The search team may at any time, with reasonable suspicion, call upon the assistance of the local police authorities to conduct a search of backpacks, desks, and other personal storage areas, and the contents contained therein, as provided in the **Search Policy** attached as **Appendix 3**.

U. Pesticide Notice and Log Policy

In accordance with Ohio law, parents and guardians of minor children, adult students, faculty and staff who are enrolled or employed at the school may request and receive prior notifications of the applications of pesticides that are scheduled for a time when school is in session. All such requests shall include the requesting party's email address or telephone number and shall be submitted to the school administrator at the school office. The school administrator is designated as the contact person for all pesticide applications made at the school.

Additionally, pesticide logs shall be available for inspection at the school office during normal school hours. Said logs shall be retained for one year following the date of the pesticide application.

This Policy shall not apply to disinfectants, sanitizers, germicides, and anti-microbial agents.

V. Health and Safety

The school provides a safe and clean environment and takes precautions to protect students and staff.

The building doors are locked during the school day. Entrance to the building is by office permission. Closed circuit cameras cover all entrances and are placed at strategic locations throughout the building.

A. Reporting Injuries

If a student is injured at the school, he/she must immediately report the injury to school personnel. The main office will complete an injury report and will provide a copy of the report to the parents/guardians as notice of the incident.

B. Health Clinic

When available, the school nurse or health aide handles all first aid; otherwise, first aid issues will be handled by other school personnel. All students are required to have an Emergency Authorization Form on file at the school. These forms will be used in case there is a medical emergency or illness.

C. Emergency Medical Authorizations

Each parent is asked to complete and return to the school an Emergency Medical Authorization Form, which will be included in the student's cumulative record folder. Parents are responsible for ensuring that this authorization form includes the necessary information the school must have should an emergency arise. It is extremely important that this authorization form is fully completed and updated as medical needs change.

D. Medication Administration

Per Ohio Revised Code Section 3313.716 students are permitted to possess and use a metered dose or dry powder asthma inhaler to alleviate or prevent asthmatic symptoms at the school.

Per Ohio Revised Code Section 3313.718(B) and 3314.03(A)(11)(d) students are permitted to carry and use an epinephrine auto-injector to treat anaphylaxis (an intense allergic reaction). In order for a student to properly possess or use an epinephrine auto injector at the school written approval from the student's physician and parent must be signed and received by the school.

For medications asthma inhalers and epinephrine auto injectors, written approval by the student's physician must include all information as detailed herein below or as indicated on the Food Allergy Action Plan, if applicable. The school shall store the medication in a locked location in the school office or other location as determined by School personnel that meets legal requirements for storage. Any drugs that require refrigeration shall be stored in a refrigerator located in a place not commonly used by students.

Properly trained school staff may administer epinephrine in an emergency situation, in accordance with the Written Approval and/or the student’s Food Allergy Action Plan when emergency medical service providers are not immediately available, and the exigency of the circumstance requires immediate action. School staff will immediately request assistance from an emergency medical service provider whenever a student is administered epinephrine at the school or at an activity, event, or program sponsored by the school. This request for medical assistance applies whether the student self-administers the medication, or a school staff member administers it to the student.

H. Wellness Program

In light of the Child Nutrition and Women, Infants, and Children (WIC) Reauthorization Act of 2004 by Congress, the school recognizes the role it can play in building nutrition knowledge and skills in students to promote healthy eating and physical activity choices. This law requires local education agencies participating in a program authorized by the National School Lunch Act or the Child Nutrition Act of 1966 to develop a local wellness policy. The passing of the Healthy, Hunger-Free Kids Act of 2010 added provisions to expand upon the previous local wellness policy requirement of the 2004 Act. The school supports student health and wellness. For further information regarding the Wellness Policy, refer to the Board of Director's Board Policy Manual.

I. Reporting Child Abuse / Neglect

When any staff member suspects abuse or neglect, he/she will first notify the building administrator. The staff member will then call the local reporting agency in the presence of the administrator. The staff member will document the notification. All reports are to be confidential. For further information regarding reporting of child abuse or neglect, refer to the Board of Director's Board Policy Manual.

J. Technology and Internet Safety

As more fully outlined in the school's Technology and Internet Safety Policy attached as **Appendix 2** to this handbook, the use of technology is a privilege and an important part of the school's overall curriculum. The school will, from time to time, make determinations on whether specific uses of technology are consistent with school policies for students and employees of the school but does not warrant that the technology resources will meet any specific requirements of the student or other users, or that it will be error-free or uninterrupted. The school always reserves the right to monitor and log technology use, to

monitor file server space utilization by users, and examine specific network usage (as may be deemed necessary) for maintenance, safety or security of the technology resources or the safety of the user.

By signing the Parent/Student Contract Page at the end of the Parent/Student Handbook, the parent and student agree:

- To abide by all school policies relating to the use of technology;
- To release all school employees from any and all claims of any nature arising from the use or inability to use the technology;
- That the use of technology is a privilege; and
- That use of the technology will be monitored, and there is no expectation of privacy whatsoever in any use of the technology.

The parent/student further agrees and understands that the student may have his/her privileges revoked or other disciplinary actions taken against him/her for actions or misuse such as, but not limited to, the following:

- Altering system technology, including but not limited to, software or hardware;
- Placing unauthorized information, computer viruses or harmful programs on or through the computer system in either public or private files or messages;
- Obtaining, viewing, downloading, transmitting, disseminating, or otherwise gaining access to or disclosing materials the school believes may be unlawful, obscene, pornographic, abusive, harmful to minors or otherwise objectionable;
- Using technology resources for commercial, political, or other unauthorized purposes – the school technology resources are intended only for educational use;
- Intentionally seeking information on, obtaining copies of, or modifying files, other data, or passwords belonging to other users;
- Disrupting technology through abuse of the technology, including but not limited to, hardware or software;
- Malicious uses of technology through hate mail, harassment, bullying, profanity, vulgar statements, or discriminating remarks;
- Interfering with others' use of technology;
- Installation of software without consent of the school;
- Violating the conditions of federal and Ohio law dealing with students and employees' rights to privacy;
- Violating copyright laws by illegally downloading or installing music, any commercial software, shareware, or freeware;
- Damaging any technology devices;
- Allowing anyone else to use an account other than the account holder; and
- Other unlawful or inappropriate behavior.

The parent and student also acknowledge and agree that the student is solely responsible for the use of his/her accounts, passwords, and/or access privileges, and that misuse of such may result in appropriate disciplinary actions (including but not limited to suspension or expulsion), loss of access privileges, and/or appropriate legal action.

The parent and student must also know and further agree that:

- Should the user transfer a file, shareware, or software that infects the technology resources with a virus and causes damage, the user will be liable for any and all repair costs;
- The user will be liable to pay the cost or fee of any file, shareware, or software transferred or downloaded, whether intentional or accidental;

- Should the user intentionally destroy information or equipment that causes damage to technology resources, the user will be liable for any and all costs; and
- Violation of the Internet Usage Policy is also a violation of the school Code of Conduct and may result in other disciplinary action, other than those specifically set forth above, including but not limited to suspension or expulsion.

K. Harassment, Intimidation, Bullying

As more fully set forth in the school’s Policy on Harassment, Intimidation and Bullying, including by an electronic act, and attached as **Appendix 1** to this handbook, harassment, intimidation, or bullying behavior is strictly prohibited, and students who are determined to have engaged in such behavior are subject to disciplinary action, which may include counseling, suspension, or expulsion from school. The school’s commitment to addressing harassment, intimidation, and bullying, however, involves a multi-faceted approach, which includes education and the promotion of a school atmosphere in which this behavior will not be tolerated by students, faculty or school personnel.

It is imperative that harassment, intimidation, and bullying be identified only when the specific elements of the definition are met, because the designation of the conduct of such behavior carries with its special statutory obligations. Any misconduct by one student against another student or staff, whether or not appropriately defined as harassment, intimidation, or bullying will result in appropriate disciplinary consequences for the perpetrator.

L. Prohibited Gang Activity

Students are prohibited from engaging in gang activities while at school, on school property, to or from school, or at a school-related function or event whether at the school or outside of the school facility, and on the Internet. Any student who violates this policy will be subject to disciplinary action, up to and including expulsion from school.

The term “gang” is defined as any non-school sponsored group of students with secret and/or exclusive membership, whose purposes or practices include unlawful or anti-social behavior as well as actions that threaten the welfare of others

The term “gang activity” is defined as any conduct engaged in by a student:

- On behalf of a gang;
- To perpetrate the existence of a gang;
- To effect or promote the common purpose and design of any gang, including the wearing of apparel, jewelry, or symbols;
- To recruit for membership in a gang;
- To threaten or intimidate by use of gang affiliation; or
- To represent a gang affiliation, loyalty, or membership in any way while on school grounds or while attending a school function.

These activities may include things such as recruiting students for membership in a gang and threatening or intimidating other students or staff against their will to promote the common purpose and design of any gang.

M. Drug-Free School

In accordance with applicable law, the school prohibits the use, possession, concealment, or distribution of drugs by students on the school grounds, in the school building, on school buses, or at any school related event. Drugs include any alcoholic beverage, an anabolic steroid, and any dangerous controlled substance as defined by state or federal statute, or any substance that could be considered a “look alike” controlled substance. Compliance with this school policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action as specified in this Parent/Student Handbook, up to and including expulsion from the school. When required by state law, the school will also notify law enforcement officials.

N. Weapon-Free School

No student at any time, for any reason shall possess, handle, transmit, or use any object, which can be reasonably considered a weapon or considered a “look-alike” weapon in or on property of the school, school bus, or any school-sponsored activity held away from the school property. Possession of a weapon may result in immediate expulsion and involvement of local law enforcement.

- A weapon is anything that is commonly used or designed to hurt someone or to put someone in fear (examples: guns, knives, knuckles, clubs, box-cutters, etc.).
- A dangerous instrument is anything that although not specifically designed to hurt someone, can be used to hurt someone, or put someone in fear (examples: belts, combs, compasses, etc.).
- An explosive is any substance that can potentially generate a release of mechanical or chemical energy (examples: firecrackers, cherry bombs, gun shells, etc.).
- Any object that closely resembles a weapon or explosive and could put persons in fear for their safety is included in this category (examples: starter pistols, pellet guns, toy guns, smoke bombs, etc.).

Firearm has the same meaning as provided under the “Gun Free Schools Act of 1994.” At the time this policy was adopted, the above-referenced statute defined a firearm as any weapon (including a starter’s gun) which will or is designed to or can readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or silencer; or any destructive device. If the definition of a firearm as provided by the “Gun Free Schools Act of 1994” changes, then the definition outlined in this policy shall automatically change to conform to it.

Knife is defined as a cutting instrument consisting of a sharp blade or edge, not to include scissors, wire cutters or other similar tools determined by the administrator to be necessary for the school setting at a particular building or grade level, if used only for the necessary purpose. The School may consider a knife a weapon whether or not considered a weapon under the Ohio Revised Code.

VI. School Records

The school takes student records and their confidentiality very seriously and has a policy of not disclosing any student records to anyone outside of the school except in strict accordance with state and federal law. Records of students are only released to another school upon properly authorized request from that school or from a signed release by the parent or as otherwise required by law.

A. Current Information

To ensure student records are up-to-date parents must inform the school of address, telephone (home/work), and legal custody changes as they occur during the school year.

B. Request for Records

The school secretary will request student records from the previous school(s) upon completion of enrollment. Pursuant to the Ohio Revised code, the requested records must be received within fourteen (14) days. If the records are not received within fourteen (14) days or if the previous school indicates there are no records, the local law enforcement agency will be notified regarding the possibility that the student may be a missing child. All fees are due at the time of record release.

C. Student Directory Information

While FERPA permits schools to adopt a policy allowing the release of Directory Information Policy under which “directory information” concerning students may be released to the public under certain circumstance, schools are not required to do so. Whereas the school has not adopted such a policy, the school’s practice in compliance with FERPA is not to release education records or personally identifiable information in the absence of explicit consent from a parent or student over the age of eighteen.

D. Audio-Visual Information

The school recognizes the value of audio-visual and other types of electronic communication in providing students with an effective education. In communicating school-related activities, opportunities exist to photograph and videotape students and their work in a variety of activities. However, individual student records (academic, behavioral) will not be disclosed. Communications may include school newsletters, local newspapers, community access cable channel, school-sponsored web pages, marketing materials and other publications. Highlighting the achievements and celebrating student successes in school is an integral part of the reporting responsibility to the community. The school will, however, respect parents’ wish for privacy in this area. Parents should call the school with any questions or concerns. Parents may also notify the school in writing if they prefer that the school not use their student’s name, picture or work product for presentations or other uses.

E. Release of Student Records

Access to records will be in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974 as pertaining to release of records. In compliance with FERPA, parents have the right to inspect and request corrections to student records. Parents are required to submit their request to inspect student records in writing to the administrator to allow him/her to schedule a reasonable and appropriate time and date for the parent to present their case. Records will be provided for parental inspection only under the direct supervision of administrator or his/her designee. The school must comply with the parent’s request for inspection within forty-five (45) days.

Parents have the right to request corrections to student records. Requests for corrections must be submitted in writing to the administrator in a letter that includes the basis for such correction. Parents have the right to a response to reasonable requests for explanations and interpretations of the records. Parents also have a right to obtain copies of the records or make other arrangements where circumstances would effectively prevent the parent or student from exercising the right to inspect.

Release or inspection of student records will be handled in accordance with the Board of Director’s Student Records Policy.

Parents have the right to file a complaint with the Ohio Department of Education if they think that the school or the school district their student previously attended is not complying with the federal laws or regulations regarding student records.

F. Non-Custodial Parent Record Request

The school will only give access to or release records to parents who have a legal right to the records of their child. If a parent has ever been to court for custody, those court documents must be on file with the school. Both custodial and non-custodial parents have equal access to the following unless there is a court order to the contrary:

- Cumulative file (including the enrollment file, academic file, vocational file, Title One file, and graduation file);
- Health records;
- Psychological records;
- Parent conferences and lab observations.

Only the custodial parent can have access to Due Process where the child is classified as being handicapped, and only the custodial parent can make decisions about the child.

The stepparent does not have access to the stepchild's records unless the stepparent has adopted the child, the natural parent has given power of attorney, or the natural parent himself/herself shows the record to the stepparent.

G. Protection of Pupil Rights Amendment (PPRA) Notification

Description of Intent

The school follows a philosophy of continuous improvement and honest, objective data analysis. This philosophy requires well-planned and sometimes independent research efforts to determine the effectiveness of the school's programs and strategies. From time to time, the school will collect and analyze student performance data and various measures of effectiveness. Families may also be asked to participate in surveys or focus groups. Such research shall always be undertaken ensuring student privacy is protected and in compliance with the PPRA. For example, the names of the student, parent, and family members will not be revealed, and results will only be reported in the aggregate or by sub-groupings of sufficient size so that anonymity of the participants is safeguarded.

Rights Afforded by the PPRA

The PPRA affords parents of minors' certain rights regarding the school's conduct of surveys, collection and use of information for marketing purposes, and conduct of certain physical exams. These rights include the following:

- The right to provide consent before students are required to submit to a survey that concerns one or more protected areas ("Protected Information Survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education. Protected areas include the following:

 3. activities involving the collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others
- The right to inspection, upon request and before administration or use, of the following:
 1. Protected Information Surveys of students
 2. instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes
 3. instructional material used as part of the educational curriculum

Notification Procedures

The school will work to develop and adopt policies regarding these rights in consultation with parent. The school will also work to make arrangements to protect student privacy in the administration of Protected Information Surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

The school will directly notify the parent of these policies annually in this PPRA Notice or after any substantive changes. The school will also directly notify by U.S. mail, e-mail, or other reasonably available method, the parents of students who are scheduled to participate in the specific activities or surveys described in this PPRA Notice and will provide an opportunity for the parent to opt students out of participation in the specific activity or survey. The school will make this notification to parents near the beginning of the school year if it has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, the parent will be provided reasonable notification of the planned activities and surveys covered by the PPRA and will be provided an opportunity to opt their students out of such activities and surveys. The parent will also be provided an opportunity to review any pertinent surveys. The following is a list of the specific activities and surveys covered under this requirement:

- collection, disclosure, or use of personal information for marketing, sales, or other distribution
- administration of any Protected Information Survey funded in whole or in part by U.S. Department of Education
- any nonemergency, invasive physical examination, or screening as described above in the Rights Afforded by the PPRA

Where a student is scheduled to participate in these activities, the student will be notified as described above.

VII. Child Find

The school is participating in an effort to assist the State of Ohio in identifying, locating, and evaluating all children who may have disabilities that may be hindering their ability to receive Free and Appropriate Public Education (FAPE).

School districts across the State of Ohio are also participating in this effort to identify disabilities such as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotional disturbances, multiple disabilities, cognitive impairments, physical impairments, autism, traumatic brain injury, and other health impairments.

The school is committed to affording all children their right to a free and appropriate education, regardless of any disability a child may have. However, to accomplish this, the school must know that a need is present.

Parents, guardians, relatives, public and private agency employees, and concerned citizens are used to help schools find any child, birth through age 21, who may have a disability and need special education and related services. If you are aware of a child who may have special needs, please notify the school's administrator.

The school will contact the parents or guardians of the child to find out if the child needs to be evaluated. Free testing is available to families to determine whether a special need exists. If a need is identified, the child can begin receiving special education and related services.

VIII. Parents' Right to Know Teacher Qualifications

A parent or guardian may request information on the professional qualifications of each classroom teacher who provides instruction to the parent's or guardian's child. The information that may be requested includes:

- Licensure and certification information
- Educational background
- Qualifications of instructional aides (if applicable)

IX. Parent Involvement Policy

6. Connect students and families to community resources that strengthen and support students' learning and well-being.

- Establish school-business partnerships to provide students mentoring, internships and onsite, experiential learning opportunities.
- Connect students and families to service-learning projects in the community.
- Invite community partners to share resources at annual open houses or parent-teacher conferences.

X. Complaint Procedure

The Board of Directors ("Board") believes that Complaints from parents or other members of the community regarding school personnel should be addressed thoroughly and completely. The people involved should treat one another with the highest level of respect and dignity.

Initially, Complaints shall be addressed formally or informally with the staff member. Complaints must be made in a civil/respectful manner in order to be considered by school personnel. Where appropriate, the Complaint should be in writing on a form developed by the Administrator and should contain a statement of the facts and the specific outcome desired by the parent or other person making the Complaint ("Complainant"). The Complainant may sign the Complaint and should be given a copy. The staff member should work with the Complainant to resolve the issue in a timely, professional, and courteous manner. The efforts used to resolve the Complaint and the outcome should be noted on the form. Allegations involving illegalities should be reported immediately to the Administrator.

XII. Homeless Policy

The School provides an educational environment that treats all students equally. Every homeless student shall have access to the same free and appropriate educational opportunities as students who are not homeless. Accordingly, the School will enroll each homeless student in the school determined to be in the student's best interest. This commitment to the educational rights of homeless or unaccompanied youth applies to all services, programs, and activities provided or made available. The School shall fully comply with McKinney-Vento Homeless Assistance Act.

The School shall designate a staff member to be the school liaison for homeless students ("School Liaison"). The School shall display the contact information for the School Liaison in the building. Homeless issue awareness training shall be provided to all staff members. All questions and concerns of the staff members should be referred to the School Liaison.

The School Liaison for Homeless Students shall ensure that the parent or guardian of a homeless student and any unaccompanied youth is:

- Assisted in accessing transportation to the selected school
- Provided assistance in exercising the right to attend the school of his/her choice
- Serviced without being labeled as homeless by school personnel
- Provided the information in this policy in a manner and form understandable to the parent or guardian, and if necessary, in the native language of the parent or guardian
- Assisted in the Dispute Resolution process as outlined herein

Eligibility:

A student may be considered eligible for services as a "Homeless Child" under the McKinney-Vento Homeless Assistance Act if he or she is presently living:

- With other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to as "doubling up")
- In a shelter, temporary shared housing, or transitional living program
- In emergency or transitional shelters
- In a hotel/motel, campground, or similar situation due to lack of alternatives
- At a bus or train station, park, car, or abandoned building, public spaces, substandard housing
- In a temporary or transitional foster care placement or awaiting placement
- Abandonment in hospitals
- A primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings
- Migratory students

Placement: The School shall make school placement determinations on the basis of the best interest of the student. To the extent feasible, homeless students are kept in the school of origin unless doing so is contrary to the wishes of the student's parent or guardian or otherwise not in the best interest of the student.

To the extent feasible, the School shall comply with a request made by parents regarding school placement regardless of whether the student lives with the homeless parents or is temporarily residing elsewhere.

Immediate Enrollment: Should a dispute arise over eligibility, school selection, or enrollment the dispute resolution procedures shall be followed as provided herein and the student shall be immediately enrolled during the pendency of the dispute and all appeals. Proof of residence, birth certificate, immunization records, and other documentation cannot serve as a barrier to enrollment in a school.

School Selection: The eligible student has the right to select from the following schools:

- The school he/she attended when permanently housed (School of Origin)
- The school in which he/she was last enrolled (School of Origin)
- The school in the attendance area in which he/she currently resides (School of Residency)

Transportation: Any eligible student attending his/her School of Origin has a right to transportation to and from the School of Origin.

Dispute Resolution: The student, parent or guardian has the right to appeal any School determination of eligibility, school selection, or enrollment. The School Liaison will guide the student, parent or guardian through the entire dispute resolution process. The School Liaison will assist in both the local and state-level appeals process, if necessary. This includes recording evidence that will be used to write an appeal if a parent, guardian or unaccompanied youth cannot do so by him or herself and providing access to School materials, such as copiers and fax machines.

Should a dispute arise over eligibility, school selection, or enrollment in a school the following procedure is to be followed:

1. The School shall immediately enroll the child/unaccompanied youth in the school in which he/she is seeking enrollment, pending resolution of the dispute, including all appeals. Enrollment for these purposes is defined as attending classes and participating fully in school activities.
2. Upon determination of eligibility, enrollment, or school selection, the School will provide a written explanation of any decisions made to parents, guardians or unaccompanied youth. The School should use Attachment 1 in order to capture all relevant information. Regardless of what form is used, the written explanation should be easy to understand and free of jargon. When appropriate, the School will translate the decision into the recipient's dominant language. At a minimum, the written explanation of how the School reached its decision regarding eligibility, school selection, or enrollment will include:
 - A description of the action that the School proposed or refused
 - An explanation of why the School proposed or refused the action
 - A description of any other options the School considered
 - The reasons why the School rejected any other options
 - A description of any other factors relevant to the School's decision and information related to the eligibility or best interest determination. (This includes the facts, witnesses and evidence relied upon and their sources.)
 - Appropriate timelines to ensure any relevant deadlines are met
 - Contact information for the School liaison and state homeless education coordinator and a brief description of their roles
 - Notice to the recipient of their right to file an appeal, including step-by-step instructions of how to file an appeal
3. The School will refer the student, parent or guardian to the School Liaison who will initiate the dispute resolution process as quickly as possible. The Liaison will make sure that the Schools follows the dispute resolution process. The Liaison also must ensure that unaccompanied youth receive the same rights to appeal the School's eligibility, school selection or enrollment decision as parents and guardians. The role of the Liaison is to assist the student, parent or guardian through the duration of the dispute resolution process. The process will be open and transparent among those involved.

4. Following an appeal at the School level, if the student, parent or guardian still disagrees with the determination, they may appeal to the Ohio Department of Education. The School Liaison will forward all written documentation and related documents to the state coordinator for Homeless Education at the Ohio Department of Education. The School Liaison may use Attachment 2 to help capture all relevant information. Upon receipt of any requested documentation, the state coordinator for Homeless Education will investigate the dispute and request applicable documentation. The Ohio Department of Education will make a decision within 15 school days from the receipt of all necessary materials. The Department will provide the final decision to the School superintendent, building principal, School Liaison, and parent, guardian or unaccompanied youth. All parties must immediately adhere to the final determination.
